

## **Question of being concerned by the Coronavirus**

Dear Sir or Madam,

We are aware that you wonder about the supply capability of your suppliers.

—

We have given our staff the behavior recommendations of the Robert Koch Institute (the national health institute giving advice to the federal government) individually against signature and instructed them to act accordingly as employees.

—

Even if it can only be a snapshot, at the present time it appears that we are only concerned insofar as a small number of employees cannot come back from vacation.

After a preliminary check, our supply chains are not affected by failures, and we also keep critical materials in stock for a period of about three months.

We currently exclude that there will be no delivery delays due to the Coronavirus.

If you have any further questions, please do not hesitate to contact us.
